
2011 RATES

Use these rate tables to compare rates for the plans you're interested in.

Rates are effective January 1, 2011, and are subject to change.

IMPORTANT INFORMATION ABOUT OUR RATES

What determines your rate

Your rate is based on the following:

- The plan (or plans) you select
- The age of the oldest applicant (the subscriber) as of January 1, 2011
- How many family members are covered

Finding your rate

After you've determined which plans you are interested in, you can use these charts to easily compare the rates.

- Find your desired plan(s) in the charts.
- Then scan the top row to find the category of coverage that you're looking for (Subscriber only, Subscriber + spouse, etc.).
- Next, look in the left-hand column to find the age of the subscriber on January 1, 2011. (When a couple is enrolling together, the subscriber is the older spouse.)
- You will find your rate in the box where the column and the row intersect.
