What you need to know to choose a plan that’s right for you.

Your options for coverage

**Medical plans:** Our individual and family health insurance plans give you lots of options. You’ll get preventive care, such as screenings and flu shots, for as low as $0, with no copay from in-network doctors (doctors in your plan). Plus, you won’t have to meet your deductible first. And you’ll have the health insurance you need in case of an emergency or illness.

**Dental/vision:** With our health plans, you’ll get pediatric essential health benefits for dental and vision. For extra coverage, Anthem offers stand-alone dental and vision insurance for you and your whole family, with great care from leading doctors. Whether it’s dental or vision you’re looking for, we’ve got a plan for you.

**Term Life insurance:** Anthem Life Insurance Company now offers low cost term life insurance coverage. Our Individual term life plans include two coverage options: $25,000 and $50,000. You can choose the coverage amount that fits your needs. Life insurance is an important decision, but it doesn’t have to be a complicated one. Term Life Insurance underwritten by Anthem Life Insurance Company.

**Pharmacy:** Pharmacy is the most widely used benefit—4X more than medical—and often the first benefit members access. Getting the most out of your pharmacy benefits can help keep you healthy and save you money.

- **Your covered medications:** To see if your drug is covered, go to anthem.com/pharmacyinformation and choose the link, Colorado Select Drug List (Searchable) or (PDF).
- **Retail Pharmacies:** Your pharmacy benefit includes nearly 70,000 retail pharmacies nationwide. To see if your preferred pharmacy is in the plan’s network, visit anthem.com/pharmacyinformation/rxnetworks.html.
- **Home Delivery:** Get your medicine delivered right to your door. People who use home delivery pharmacy are more likely to follow their drug treatment plan and have better health outcomes.

Answers to your questions

Why choose Anthem?

When you choose an individual or family insurance plan with Anthem, you’ll have access to leading doctors and hospitals. It’s important to us that you see the doctor you want and get the care you need.

You’ll see the difference with Anthem. You can select great doctors, care centers and hospitals from our network of providers. You can also have a private video visit with a doctor or therapist on your smartphone, tablet or computer. It’s one of the best ways for us to help support your health and the health of your family.

Access to preventive care
At Anthem, we believe that prevention is the best medicine. Preventive care is offered for as low as $0 with no copay and no deductible to meet when received from doctors in your plan.

With us, you can also count on:

- Dedicated customer service.
- One source for all your benefits, including dental, vision and term life.
- A simple enrollment process.
- Resources to support your health care goals.

Why do I need coverage?

The short answer is … life happens and it helps to be ready. No one plans to break an arm or catch pneumonia. That’s why having a health care plan is so important. It helps you:

- Pay for those unexpected costs that come with a serious illness or injury.
- Get some important benefits like preventive care that can help you stay healthier and get more effective treatment.

Still not convinced? Here are three reasons why coverage is so important:

1. It’s worth the price. Have you ever thought about what the cost would be to have a major surgery without health insurance? Now picture adding that in with your mortgage/rent and monthly expenses. That’s a case where monthly payments for coverage are small compared to footing the bill for a major unexpected cost.

2. It helps you stay on top of checkups. When you have coverage, you’ll be much more likely to use it to get your yearly checkups and tests that can catch issues early. Plans even include preventive care at no extra cost when you use doctors in your plan (in-network doctors).

3. It’s an investment in you. You insure your home and cars, so why would you put yourself at the bottom of the list? Think about how much it would cost to fix you if something serious were to happen.
What coverage do I need?

Choosing the right plan for you can be a challenge. We get that. So let’s start with some questions to figure out what works best for you:

- **Does the plan meet your coverage needs?** How often do you see doctors and specialists? What prescription medications do you take regularly? Are you planning any procedures this year?
- **Is a Catastrophic plan an option?** If you’re under age 30 (or are 30 or older with an approved hardship exemption from Healthcare.gov) you may qualify for a high-deductible, lower monthly payment, Catastrophic plan. Catastrophic plans can help protect you from worst-case scenarios like serious accidents or illnesses.

Plan choices

**Metal Levels**

- **Bronze:** You’ll have lower monthly payments while being covered for check ups and preventive care. You could pay more out of pocket if you need more care, but if you don’t expect to go to the doctor very much this year, Bronze may be a good bet. These health plans can be great for people who are younger with no dependents.
- **Silver:** You’ll get health coverage that covers all the basics and more. You’ll also get preventive care for $0 with no copay and no deductible from in-network doctors. Silver plans on Connect for Health Colorado offer the greatest assistance for both tax credits and cost sharing subsidies if you qualify.

Can I afford it?

If you’re thinking coverage might cost too much, you’re not alone. But, what you might not know is that you may be able to get help paying for it. And a health insurance subsidy may be the answer. Don’t know what a subsidy is? That’s just a fancy word for getting financial help from the government to help you pay for your health care coverage.

You could be eligible for a subsidy, also called an advanced premium tax credit, to lower your monthly payment. You may also qualify for a plan where you’ll pay less for your out-of-pocket costs.

Want to see if you qualify? Visit planfinder.connectforhealthco.com.

Other ways to help save money:

- Check if your favorite doctor, hospital or other health care provider is in your plan. That way you can make sure you get your care at the lower or negotiated network rate.
- You can also save money by only using the emergency room (ER) for emergencies. Head straight to the ER or call 911 for serious health issues. Otherwise, save yourself money and time by visiting your primary care doctor, an urgent care center, or LiveHealth Online for minor medical issues.

Health savings account (HSA)

If you like the idea of lowering your health care costs and your taxes, a health savings account (HSA) could be a good option for you.

With a qualified high-deductible plan, you can set up the HSA through a bank and fund it with your post tax dollars. Before selecting an HSA plan, check with your tax advisor to see if an HSA plan is right for you.
How do I find a doctor or hospital?

You can find an in-network doctor, hospital, dentist, pharmacy and more by using our Find a Doctor tool. It’s quick and easy. Plus, you’ll get the most from your health care coverage (and save money), if you choose a doctor or hospital in your plan. Follow these simple steps:

2. Choose Individual & Family at the top of your screen. Then under Care select Find a Doctor.
3. Scroll past Search as a Member to Search as Guest.
4. Choose Search by Selecting a Plan or Network and complete the form.

What should I know about my network?

Depending on what type of plan you choose, your benefits, doctor and medical facility choices may be different:

- **Pathway and Mountain Enhanced networks:** With our health maintenance organization (HMO) plans, you have access to a wide range of doctors, health care providers and plans based on where you live in Colorado.

  You have to choose a primary care doctor, but you don’t need a referral to see other in-network doctors. HMOs don’t offer out-of-network benefits, except for emergency and urgent care or when a service is preapproved. If you see doctors not in the plan for any other reason, you’ll have to pay 100% out of pocket.

- **With our PPO Catastrophic plan** (available off the Marketplace only), you get access to our widest network of doctors and hospitals in Colorado. You choose a primary care doctor to manage your care needs, but you don’t need referrals. This plan is available in most, but not all rating areas in Colorado, and is available to people under age 30 or who qualify for a hardship exemption. Keep in mind, this plan doesn’t offer out-of-network benefits, except for emergency care. So, if you see doctors not in the plan for any other reason, you’ll have to pay 100% out of pocket.
Anthem advantages

Making informed health care decisions for you and your family is simple with our website, mobile app and helpful tools, like Estimate Your Cost.

No matter which plan you choose, you can register at anthem.com or on the Anthem Anywhere mobile app to get personalized information about your health plan.

Use the self-service tools on our secure website to:

- See your claims and coverage details.
- Estimate your costs on common procedures, before you step into the doctor’s office.
- Manage your prescription benefits and search the drug list that applies to your plan.
- Check the price of a drug or refill a prescription.
- Make your monthly payments online.

With our Anthem Anywhere mobile app, you can:

- Find a nearby doctor, specialist, urgent care center or hospital.
- Download a virtual member ID card.
- Manage your prescription drug benefits.

You can also take advantage of resources like LiveHealth Online:

**Talk to a doctor whenever, wherever with LiveHealth Online:**

| Easy: Connect to a doctor 24 hours a day, from a computer, tablet, or smartphone. | Convenient: Sessions go from 7 a.m. to 11 p.m., coast-to-coast. |
| Face-to-face: Chat by two-way video for common health issues. | Quick access: Schedule a visit and be seen within four days, or on demand. |
| Save: On average members save up to $201 for care, compared to ER, urgent care, or other health facilities.* | Same cost: Cost-share is the same as it is for in-office Mental Health/Substance Use therapy benefits. |

*Results based on internal LiveHealth Online study during 2014 and first quarter, 2015.
Anthem advantages

Plans include other features to help you and your family stay healthy at no additional cost.

- **24/7 Nurseline:** Our registered nurses can answer your health questions wherever you are – any time, day or night. All you have to do is call.
- **Care Support:** If you need extra care for ongoing or complex health issues, a case manager may call you. Your case manager can answer your questions, set up care with different doctors and help you use your health benefits.
- **MyHealth Advantage:** Avoid health issues, stay healthy and save money. This program tracks your health information to see if there’s anything you can do to improve your health. If so, you’ll get a personalized and confidential MyHealth Note in the mail.

Peace of mind when you travel.

**Travel a lot? Don’t worry. You’re covered.**

Whether you’re traveling for work or on vacation, going to the ER or urgent care is the last thing you want to worry about. The good news is you don’t have to! All of our plans cover medically necessary emergency and urgent care in all 50 states, even when you’re not using your plan’s doctors and hospitals.

**Guest Membership/Away From Home Care when temporarily living out of state – HMO.**

Will you or a family member be living away from home and outside of your health plan’s service area for more than 90 days? With our HMO plans, we can cover you. Just ask for a guest membership (also known as Away From Home Care) to one of our affiliated Blue Cross and Blue Shield plans in that area. A guest membership lets you become a “guest” of that other health plan and enjoy its benefits and coverage. It comes in handy for students going to college in another state. After you’re a member, call Guest Membership at 800-827-6422 to learn more. Guest memberships aren’t available in all areas.

Simplified payments

**We know life gets busy, so we’re making it easier for you to pay your monthly payments.**

- Set up electronic funds transfer (EFT) or bank draft.
- Enroll in WebPay to use with a Visa or MasterCard debit or credit card.
- Download our Anthem Anywhere app and pay with a credit card or your bank account. You can even set up autopay in the app.

You can set up automatic monthly payments with each option. Just make sure your card account information and expiration date stays up to date.

Medical plans benefit footnotes

1 Nationally recommended **preventive care services** from in-network providers have no copay, no coinsurance and no deductible requirement. Preventive and wellness services consist of certain services, including well-child care, immunizations, prostate-specific antigen (PSA) screenings, Pap tests, mammograms and more, recommended by the United States Preventive Services Task Force.

2 **Home delivery pharmacy** cost shares are 2.5 times the retail copay for Tier 1 drugs and 3 times the retail copay for Tier 2 and Tier 3 drugs when the plan has retail pharmacy copays.

3 **Physical, occupational or speech outpatient therapy** limited to up to 20 visits for each therapy per year for **rehabilitation services**. A separate 20 visit limit for each therapy per year applies to **habilitation services**. From birth until the member’s sixth birthday, both of these benefits are provided as required by applicable law.
Understanding insurance terms

Let’s take a look at some common insurance terms you probably see a lot.

Here’s what they mean:

- **Coinsurance**: Your percentage of the costs. After you meet your deductible, this is your percentage of costs each time you get care and then your plan covers the rest up to the maximum allowed amount. In-network providers agree to accept Anthem’s maximum allowed amount as their charge.

- **Copay**: This is a set dollar amount you pay for covered services, such as doctor visits. The amount can vary based on covered service. It’s listed in your medical plan charts.

- **Deductible**: This is the set dollar amount you pay before we begin paying for most covered health services you receive. It’s listed in your benefit plan. *In-network* covered preventive services don’t require a deductible. Your deductible applies to the calendar year (January 1 through December 31), even if your effective date (the date coverage begins) is later than January 1.

- **Drug tiers**: Drugs on a drug list or formulary are typically arranged in tiers. Your cost depends on which drug tier your drug is in.

- **In-network coverage**: This refers to doctors, hospitals, dentists, pharmacies and other care providers who are part of the plan’s network or are in the plan. HMO plans only include coverage for in-network benefits, except for emergency and urgent care, ambulance services, or when a service is pre-approved. The PPO Catastrophic plan only includes coverage for in-network benefits, except for emergency care.

- **Out-of-network coverage**: This refers to doctors, hospitals, dentists, pharmacies and other care providers who don’t participate in the plan or network. HMO plans don’t offer out-of-network benefits, except for emergency and urgent care, ambulance services, or when a service is pre-approved. The PPO Catastrophic plan doesn’t offer out-of-network benefits, except for emergency care.

- **Out-of-pocket limit**: This is the maximum amount you can pay out of your pocket for covered services each year. Once you reach that limit, which varies by plan, we cover the rest up to the maximum allowed amount. In-network providers agree to accept Anthem’s maximum allowed amount as their charge.

- **Plan name**: Plan name and contract code are found on the first row of the medical plan charts. Look for this when you’re applying for a plan. The contract code is in parentheses after the plan name.
Ready to enroll? Let's get started.

Help is close at hand:

📞 **Call your broker or Anthem representative** to enroll or learn more about our health care plans. Take a look at the **application** included with this brochure.

🌐 **Visit our website at anthem.com and apply online.**

You can buy health care plans once a year through an open enrollment period. This year, the open enrollment period runs from **November 1, 2018** - **January 15, 2019**.

You may be able to change your health coverage outside of this open enrollment period if there are special qualifying events. Check with your broker or Anthem representative to see if you qualify or if you have other questions about eligibility.
We want you to be satisfied

After you enroll in one of our plans, you’ll have access to your Certificate of Coverage or (Certificate) that explains the terms and conditions of coverage, including exclusions and limitations. You’ll have 10 days to examine your Certificate’s features. If you’re not fully satisfied during that time, you may cancel your coverage and your premium will be refunded, minus any claims that were already paid.

Summary of benefits and services

This document is only a brief summary of benefits and services. Our plans have exclusions, limitations and terms under which the Certificate may be continued in force or discontinued. For more complete details on what’s covered and what isn’t:

- Review the Certificate.
- Call your broker or Anthem representative
- Go to anthem.com.

To view a copy of both a Summary of Benefits and Coverage (SBC) and the CO SBC Supplement, please visit sbc.anthem.com and select NEXT for Summaries in English or Spanish. Other languages can also be selected.

In compliance with the Affordable Care Act (ACA), the following plan changes may occur annually on January 1:

- Benefits
- Premiums (monthly payments)
- Deductibles, copays, coinsurance and out-of-pocket-limits

There may also be changes to our pharmacy and provider networks and prescription formulary/drug list during the year.

The health plans described in this document aren’t eligible for a premium tax credit or subsidy/cost-sharing assistance. The Affordable Care Act (ACA) helps people with low or modest incomes pay for their health insurance with a premium tax credit or subsidy to help pay for their health insurance. You can only get financial help if you’re eligible and you buy your individual health coverage through Connect for Health Colorado.
Important legal information

Before choosing a health benefit plan, please review the following information along with the other materials enclosed.

Eligibility
You can apply for coverage for yourself or with your family. You must be a resident of the State of Colorado and not entitled to or enrolled in Medicare Parts A/B and/or D. Family health coverage includes you, your spouse or domestic partner and any dependent children. Children are covered to the end of the month in which they turn age 26.

Eligibility for a catastrophic plan
You are eligible for this plan if you:

- are also under age 30 before the plan’s effective date; or
- have received certification from Healthcare.gov that you qualify for a hardship exemption or don’t have an affordable coverage option

Open enrollment
An annual open enrollment period is provided for enrollees. Individuals may enroll in a plan, and members may change benefit plans at that time.

Special enrollment and changes affecting eligibility
In addition to open enrollment, an individual can enroll during the special enrollment period. This is a period of time in which eligible individuals or their dependents can enroll after the open enrollment, typically due to an event such as marriage, birth, adoption, or other qualifying events as defined by law.

Depending on the event which triggered the special enrollment period, coverage may be effective as of the date of the qualifying event.

Effective date of coverage
The earliest effective date for the annual open enrollment period is the first day of the following benefit year. The actual effective date is determined by the date Anthem receives a complete application with the applicable premium payment.

Managing your care if you need to go to a hospital or get certain medical treatment
If you or a family member need certain types of medical care (for example: surgery, treatment in a doctor’s office, physical therapy, etc.), you may want to know more about these programs and terms. They may help you better understand your benefits and how your health plan manages these types of care.

Utilization review
Utilization review is a program that is part of your health plan. It lets us make sure you’re getting the right care at the right time. Our utilization review team, made up of licensed health care professionals such as nurses and doctors, does medical reviews. The team goes over the information your doctor has sent us to see if the requested surgery, treatment or other type of care is medically necessary. The utilization review team checks to make sure the treatment meets certain clinical guidelines set by your health plan. After reviewing the records and information, the team will approve (cover) or deny (not cover) the treatment. The utilization review team will let you and your doctor know as soon as possible. Decisions not to approve are put in writing. The written notice will include information on how to appeal the decision and about your rights to an independent medical review.

Reviewing where services are provided
A service must be medically necessary to be a covered service. The utilization review may include a review of the level of care, type of setting or place of service where services can be safely given to you. If services are given in a higher level of care or cost setting when they could be safely given in a lower level place of care or cost setting, they will not be determined to be medically necessary. The service(s), in that case, are being denied based on the review of where they are provided. When this happens the service(s) can be requested again in another setting or place of care and will be reviewed again for medical necessity. At times, a different type of provider or facility may need to be used in order for the service to be considered medically necessary.

Examples include, but are not limited to:

- A service may be denied on an inpatient basis at a hospital but may be approved if provided on an outpatient basis in a Hospital setting.
- A service may be denied on an outpatient basis if taking place in a hospital setting but may be approved at a free-standing imaging center, infusion center, ambulatory surgical center/facility, or in a physician’s office.
- A service may be denied at a skilled nursing facility but may be approved in a home setting.

We can do medical reviews like this before, during and after a member’s treatment. Here’s an explanation of each type of review:

The pre-service review (done before you get medical care)
We may do a pre-service review before a member goes to the hospital or has other types of services or treatment. Here are some types of medical treatments that might call for a pre-service review:

- An inpatient hospital visit;
- An outpatient procedure;
- Tests to find the cause of an illness, like magnetic resonance imaging (MRI) and computed tomography (CT) scans;
- Certain types of outpatient therapy
- Durable medical equipment (DME), like wheelchairs, walkers, crutches, hospital beds and more...
Important legal information

The concurrent review (done during medical care and recovery)
We do a concurrent review when you are in the hospital or are released and need more care related to the hospital stay. This could mean services or treatment, such as physical therapy or durable medical equipment. The utilization review team looks at the member’s medical information at the time of the review to see if the treatment was medically necessary.

The post-service review (done after you get medical care)
We do a post-service review when you have already had surgery or another type of medical care. When the utilization review team learns about the treatment, they look at the medical information the doctor or provider had about you at the time the medical care was given. The team then can see if the treatment was medically necessary.

Case management
Case management is conducted by a licensed health care professional, who works with you and your doctor to help you learn about and manage your health conditions. They also help you better understand your health benefits.

Precertification
Precertification is the process of getting approval from your health plan before you get services. This process lets you know if we will cover a service, supply, therapy or drug. We approve services that meet our standards for needed and appropriate treatment. The guidelines we use to approve treatment are based on standards of care in medical policies, clinical guidelines and the terms of your plan. As these may change, we review our precertification guidelines regularly. Precertification is a type of pre-service review.

Here’s how getting precertification can help you out:

Saving time. Preauthorizing services is a process of verifying, in advance, whether a proposed treatment, service or supply is medically necessary and/or medically appropriate. The doctors in our network ask for prior authorization for our members.

Saving money. Paying only for medically necessary services helps everyone save. Choosing a doctor who’s in our network can help you get the most for your health care dollar.

What can you do? Choose an in-network doctor. Talk to your doctor about your conditions and treatment options. Ask your doctor which covered services need prior authorization or call us to ask. The doctor’s office will ask for prior authorization for you. Plus, costs are usually lower with an in-network doctor. If you choose an out-of-network provider, be sure to call us to get prior authorization. Out-of-network providers may not do that for you. It is important to understand that not all plans offer out of network coverage, with the exception of emergency or urgent care or ambulance services related to an emergency for transportation to a hospital or urgent care services received at an urgent care center. Please review the Certificate in order to determine your benefits. Once you’re a member, if you have a question about prior authorization, you can call the Member Service number on the back of your ID card.

In-network providers
In-network providers are the key to providing and coordinating your health care services. Benefits are provided when you obtain covered services from providers located in the state of Colorado; however, the broadest benefits are provided for services obtained from a primary care doctor (PCP), specialty care doctor (SCP), or other in-network providers.

With our preferred provider organization (PPO) plans, you have the freedom to see any in-network doctor you choose. With our health maintenance organization (HMO) plans, you choose one of our in-network PCPs who helps to coordinate your care. When you need to see other in-network doctors, a referral from your PCP is not required.

Services you obtain from any provider other than a PCP, SCP or another in-network provider are considered an out-of-network service, except for emergency care or urgent care, or as an authorized service if you purchase one of our HMO plans.

Out-of-network providers
For HMO plans, services will only be covered services if rendered by providers located in the state of Colorado unless:

- The services are for emergency care, urgent care or ambulance services related to an emergency for transportation to a hospital or urgent care services received at an urgent care center, as specified in the Certificate; or
- The services are approved in advance by Anthem.

Covered services which are not obtained from a PCP, SCP or another in-network provider or not an authorized service will be considered a out-of-network service. The only exceptions are emergency care and urgent care or ambulance services related to an emergency for transportation to a hospital or urgent care services received at an urgent care center. In addition, certain services are not covered unless obtained from an in-network provider; see your Summary of Benefits. Emergency care from an out-of-network provider is based on the allowable charge determined by us. This means that you may be responsible for the difference between what we allow and what the provider chooses to bill.

For our PPO Catastrophic plan, covered services rendered by out-of-network providers are covered, but your share of the costs may be greater.

For services rendered by an out-of-network provider, you are responsible for:

- The difference between the actual charge and the maximum allowed amount plus any deductible and/or copayments/coinsurance;
- Services that are not medically necessary;
Laws and rights that protect you
As a member, you have rights and responsibilities. You have the right to expect the privacy of your personal health information to be protected, consistent with state and federal laws and our policies. You also have certain rights and responsibilities when receiving your health care. Visit this link to find more information on our website: http://www.anthem.com/health-insurance/customer-care/faq.

Limitations
The specific limitations are spelled out in the terms of the particular plan, but some of the more common services limited by these plans are:

- Ambulance services (non-emergency transportation) – $50,000 per occurrence if an out-of-network provider is used
- Hearing aids – 1 pair every 5 years for members under age 18
- Home health care – 28 hours per week
- Rehabilitative care (outpatient only) – An equal number of therapy visits are available for habilitative care (outpatient only)
  - Chiropractic care – 20 visits per member per year
  - Occupational therapy – 20 visits per member per year
  - Physical therapy – 20 visits per member per year
  - Speech therapy – 20 visits per member per year
- Skilled nursing facility – 100 days per year

Exclusions
This list includes some of the more common services not covered by these plans:

- Acupuncture, regardless of which type of provider performs the service
- Alternative or complementary medicine
- Artificial and mechanical devices
- Breast reduction or augmentation
- Care provided by a member of your family
- Care received in an emergency room that is not emergency care, except as described in the Certificate’s exclusions
- Charges incurred prior to the effective date of coverage or after the termination date of coverage
- Charges greater than the maximum allowable amount (charges exceeding the amount Anthem recognizes for services)
- Comfort and/or convenience items
- Compound drugs except as stated in your Certificate
- Corrective eye surgery
- Cosmetic surgery and/or treatment that’s primarily intended to improve your appearance
- Custodial ordered care as described in the Certificate’s exclusions (this exclusion does not apply to hospice care)
- Dental, except as described in the Certificate
- Educational/training services
- Experimental or investigative treatment and any resulting complications
- Feet – surgical treatment
- Foot care – routine
- In-vitro fertilization (IVF) as described in the Certificate’s exclusions
- Nutritional and dietary supplements, over-the-counter drugs, devices or products
- Physical fitness such as health club memberships, exercise equipment, etc.
- Prescriptions for infertility treatment, except where coverage is specifically required by law.
- Services we determine aren’t medically necessary
- Teeth – congenital anomaly treatment of congenitally missing, malpositioned, or supernumerary teeth, even if part of a congenital anomaly, except as stated in the Certificate or as required by law
- Teeth, jawbone, gums – treatment of the teeth, jawbone or gums that are required as a result of a medical condition except as expressly required by law or specifically stated in the Certificate as a covered service
- Vein treatment – treatment of varicose veins or telangiectatic dermal veins (spider veins) by any method (including sclerotherapy or other surgeries) for cosmetic purposes
- Vision, except as described in the Certificate
- Weight loss programs/surgery or treatment of obesity, as specified in the Certificate
- Workers’ compensation

A high-deductible health plan is not a health savings account (HSA). An HSA is a separate arrangement between an individual and a qualified financial institution. To take advantage of tax benefits, an HSA needs to be established. This brochure provides general information only and is not intended to be a substitute for the advice of a qualified tax professional.

It's important we treat you fairly
That’s why we follow federal civil rights laws in our health programs and activities. We don't discriminate, exclude people, or treat them differently on the basis of race, color, national origin, sex, age or disability. For people with disabilities, we offer free aids and services. For people whose primary language isn’t English, we offer free language assistance services through interpreters and other written languages. Interested in these services? Your HSA:  
Enjoy the advantages of opening a Health Savings Account (HSA) from BenefitWallet®

A Health Savings Account can help you pay for health care expenses including prescriptions. Plus, you can claim your HSA contributions as tax deductions, earn interest on your money and roll over the year-end balance.

To realize your plan’s full power, consider selecting a qualified high-deductible health plan with an HSA. Our partner, BenefitWallet, administers our HSA solution with The Bank of New York Mellon as the custodian. Setting up your account with BenefitWallet is easy and it comes with built-in advantages and conveniences like:

- A single Customer Service contact for the health plan and your HSA
- A single online health site to access your plan benefit information and account details
- Several payment and deposit options, including debit cards, checks and automatic fund transfers
- Ability to save your receipt images online
- Competitive interest rates and investment opportunities for the funds in your account
- iPhone®, iPad® and Android™ apps for access anywhere
- Health Topics encyclopedia of more than 1,500 ailments
- Medication Advisor for drugs and pharmacy identifier
- Treatment Cost Advisor for common medical conditions
- FDIC-insured checking account with the custodian, The Bank of New York Mellon (BNY Mellon)

Note: You also have the option of using a different financial institution to set up your Health Savings Account.

Set up is easy
Simply make the selection on your application form and we’ll send you welcome materials to get you started. Account registration instructions are included. It’s that simple.
A closer look at your BenefitWallet HSA

BenefitWallet Welcome Materials
If you make the selection on your application form, your HSA will automatically be set up - no set-up fee required. You'll soon receive HSA welcome materials with all of the instructions for opening and using your account. A separate application for your account is only required if you choose an HSA administrator other than BenefitWallet.

Interest and investments
You’ll earn interest on your HSA funds and have the chance to invest your funds as long as you keep a minimum $1,000 HSA balance. Investment options include a number of mutual fund families. Once you’re ready to invest, log in to your account and select “Investments” from the Quick Links menu or contact the BenefitWallet Service Center at 1-866-666-4798 or 1-855-545-4168 (for TDD callers) Mon - Fri 8 a.m. to 11 p.m. (ET); Sat - Sun 9 a.m. to 6 p.m. (ET).

Debit cards, checkbooks and online bill pay
Use your VISA debit card, your HSA checkbook or online bill pay (provided by BenefitWallet) to pay your doctor or pharmacy directly for eligible medical expenses — or to reimburse yourself for qualified medical expenses paid out of pocket.

Deposits to your account
You can make your deposits online or with a mobile app. You can also send a check and deposit slip to the address printed on your deposit slip. Deposit slips can be found at the back of the checkbook, online through the Help Center or through the BenefitWallet Service Center. In addition, you can set up an electronic funds transfer between your bank and BenefitWallet for one-time or recurring account contributions.

Account activity statement
Regularly, you’ll receive an electronic statement from BenefitWallet that shows all your account activity. Your monthly statement is free if you open your account electronically. You can receive a paper statement for an additional fee of $1.25 per month. Visit anthem.com or call your dedicated Customer Service line to learn how to elect this option. You’ll also receive IRS 1099 and IRS 5498 forms from BNY Mellon near tax time to help with tax preparation.

BenefitWallet HSA fee and rate schedule
A Deposit Agreement and Disclosure Statement, along with a Rate and Fee Sheet will be made available to you by BenefitWallet. Please refer to those documents for the complete terms and conditions related to your account.

As appealing as these options may sound, you should still talk to your tax advisor when trying to maximize financial benefits for your personal situation.

**This is what the IRS requires if you want to open a Health Savings Account:**

- You must be covered by an HSA-compatible, high-deductible health plan.
- You must be a U.S. resident, and not a resident of Puerto Rico or American Samoa.
- You cannot be covered by any other medical plan that is not an HSA-compatible, high-deductible health plan.
- You cannot be enrolled in Medicare.
- You cannot be claimed as a dependent on another individual’s tax return.
- If you are a veteran, you may not have received veteran’s benefits within the last three months.
- You cannot be active military.
- Your spouse cannot be enrolled in an FSA plan.
Take control of your total health with the right dental and vision coverage

The mouth and eyes are important parts of your body and your health. They can show early warning signs of disease – so regular dental and vision checkups help you stay healthy. That’s why taking care of your total health requires not just medical coverage, but also dental and vision plans.

- You’ve probably heard before that dental health is an important part of overall health. In fact, 90% of the body’s diseases first show signs and symptoms in the mouth.*
- Routine eye checkups are about more than making sure you can see clearly. They’re important to health, safety and learning. Even if you think you have 20/20 vision, it’s key that you’re checked regularly — at every age.
- Eye exams can detect major health problems like diabetes, high blood pressure and heart disease.** Some eye diseases have no warning signs. So people may not even know their vision is at risk.***
Getting the dental and vision plans you need

Off-exchange, standalone coverage from Anthem Blue Cross and Blue Shield (Anthem) can help you get the dental and vision care you need for your total health. Many of our dental plans cover you 100% for exams, cleanings and x-rays. All of our vision plans cover you for yearly eye exams.

All-in-one or separate plans?

You can buy a medical plan that includes dental and vision benefits — or you can buy separate plans. You may want to think about buying your dental and vision separate from your medical plan. Separate plans usually offer more choices and may have more benefits to meet your needs. The main differences are in how you apply for coverage and how you are billed.

Anthem dental plans

We offer a variety of individual and family dental plan options to fit your needs and budget. These plans include:

- Anthem Dental Family Value
- Anthem Dental Family
- Anthem Dental Family Enhanced
- Dental Prime for individuals and families

Anthem has one of the largest dental preferred provider organization (PPO) networks in the country. Plus, we work with in-network dentists to get deep discounts for you. By seeing an in-network dentist, you can save an average of 25% to 32% on covered dental services.

Tools that put a smile on your face

We offer some great online tools to help you better understand your dental health. Once you’re a member, log in to anthem.com to access:

- **Ask a Hygienist**
  Email questions to licensed dental professionals and get quick, private, personalized advice at no extra cost.

- **Dental Cost Estimator**
  Help estimate your costs for dental procedures and services in the ZIP code where you get care.

- **Dental Health Assessment**
  Get feedback based on your responses to a few questions to help you keep a healthy smile.
Blue View Vision plans

Our Blue View Vision℠ plans are available to purchase with any Anthem medical and/or dental plan. With all Blue View Vision plans, you can choose from more than 38,000 eye doctors at over 27,000 locations. So you can get your eye care and eye wear just about anywhere. You can call or go online at Glasses.com, ContactsDirect or 1-800 CONTACTS®, visit a participating private practice eye doctor, or go in-store to LensCrafters®, Sears Optical℠, Target Optical®, JCPenney® Optical and most Pearle Vision® locations.

You’ll enjoy the convenience of having just one ID card when you purchase your medical, dental and/or vision plans with Anthem. You’ll also get just one combined bill for all your Anthem plans.

How does health care reform affect dental and vision coverage?

Health care reform, officially known as the Affordable Care Act (ACA), requires that all Americans have a minimum amount of health insurance. This includes a list of 10 essential health benefits that must be covered by health insurance carriers. One of these is pediatric services, including dental and vision coverage.

Here’s how the ACA relates to dental and vision coverage for children:

Dental

In some states, pediatric dental benefits are required to be included in ACA-compliant medical plans sold off the Marketplace (also known as the exchange). In other states, these benefits can be offered in medical plans off the Marketplace or can be provided through a separate stand-alone policy that is sold with the medical plan.

Vision

Pediatric vision coverage will be included with all ACA-compliant medical plans offered on and off the Marketplace.

Pediatric dental essential health benefits

Pediatric dental coverage is included in nearly all of our individual medical plans as of January 2014.

You have two options for buying pediatric dental essential health benefits:

- A medical plan that has pediatric dental essential health benefits coverage
- A stand-alone dental plan that includes pediatric dental essential health benefits coverage.

Pediatric vision essential health benefits

These benefits provide exams and vision materials (lenses and frames) for children.

Our plans use Blue View Vision℠ providers, which include retailers such as Glasses.com, ContactsDirect or 1-800 CONTACTS®, LensCrafters®, Sears Optical℠, Target Optical®, JCPenney® Optical and most Pearle Vision® locations. With these plans:

- Covered children can choose from a selection of frames and contact lenses.
- Glasses with Transitions® lenses (to protect eyes from UV rays) and polycarbonate lenses with scratch coating (to protect lenses from damage) are available at no extra charge.

Should I buy “on the Marketplace” or “off the Marketplace”?

Connect for Health Colorado (the name of your state’s Marketplace) was created as part of the ACA. This is the online marketplace where you can purchase medical coverage.

If you’re eligible for financial assistance to help pay for your medical coverage…and want to use it, you must get your medical plan through Connect for Health Colorado.

To learn more, visit your state’s exchange website at ConnectforHealthCO.com.

If you’re not eligible for financial assistance, and you are shopping around for a dental or vision plan… you don’t have to buy plans on Connect for Health Colorado. You can still buy coverage as you have in the past, through a broker or agent or directly from an insurance company.

Because there are rules for plans on the exchange, you may find that plans not on the exchange offer you more choices.
Anthem Dental Family Value, Anthem Dental Family and Anthem Dental Family Enhanced plans

Anthem Dental Family Value, Anthem Dental Family and Anthem Dental Family Enhanced plans offer these advantages:

- You will not be charged premiums for more than three children.
- For children, families will not be charged more than twice the out-of-pocket limit, regardless of how many children are in the family.
- The Anthem Dental Family Value, Anthem Dental Family and Anthem Dental Family Enhanced plans cover everyone.

### Our dental plans come with the International Emergency Dental Program

If you travel outside of the U.S., you still have access to emergency dental services. With one call, we can help you find a credentialed, English-speaking dentist for your urgent dental care needs. We can even help with translation services when you call the dentist's office. Services you get through this program don't count toward your yearly limit, if your plan has one.

### Find a dentist

Blue View Vision coverage available

You can add Blue View Vision™ benefits to your dental plan. These plans feature:

- **A broad, convenient group of national providers** — Blue View Vision providers include more than 36,000 private practice doctors at over 27,000 locations. This includes online choices through Glasses.com, ContactsDirect or 1-800 CONTACTS® in addition to the nation’s leading retail stores like LensCrafters®, Sears OpticalSM, Target Optical®, JCPenney® Optical and most Pearle Vision® locations.

- **A complete picture of your health between your eye doctor and your primary care doctor** — when you have a medical plan with us, every time you get care through our network, it becomes part of your health history. With Blue View Vision, your network eye doctor can access your health history information — including patient summaries, diagnoses, lab results and prescriptions. They can also securely share relevant eye health information back to your primary care doctor, while protecting your personal information. This approach helps all of your doctors in the network gain a better understanding of your whole health — leading to better, more holistic care.

- **“Add-ons” at no extra charge** — factory scratch coating on eyeglass lenses is included at no extra cost. Transitions® and polycarbonate lenses for children younger than 19 can be added at no extra cost.

- **Discounts for other “add-ons”** — includes Transitions lenses for adults at a fixed price, as well as tiered pricing for premium progressive lenses and premium anti-reflective coatings. This cuts down on your out-of-pocket costs.

- **Value-added savings** — including 15% to 40% off on unlimited purchases of most extra pairs of eye wear, conventional contact lenses, lens treatments, specialized lenses and various accessories — even after you've used all of your covered benefits.

**Blue View Vision Bundled plan**

Our current Blue View Vision Bundled plan has not changed. The Bundled plan can only be purchased in combination with any off the Marketplace Anthem individual medical or dental plan. The Bundled plan cannot be purchased on a stand-alone basis.

**Blue View Vision Enhanced, Plus and Value plans**

Our stand-alone Blue View Vision Enhanced, Plus and Value plans are designed with your lifestyle in mind and can be purchased with or without a medical and/or dental plan. You can choose the plan that gives you the most value from your benefits. See your options on the next page.

**Cost savings example**

You’ll see that when you have a Blue View Vision plan from Anthem, it often pays for itself — and then some. When it comes to Blue View Vision, seeing isn’t just believing. Seeing is saving, too!

You may pay more for care if you choose an out-of-network doctor. Here’s why:

- In-network doctors have agreed, by contract, to special payment rates for services and cannot charge you more than these negotiated rates. If you have coinsurance or a deductible, you pay those amounts.
- Out-of-network doctors don’t have a contract with us. They can charge you the difference between the total amount we allow to be paid for a service and the amount they normally charge for a service (plus your coinsurance or deductible). That means higher costs for you.

Individual dental and vision premiums for Colorado

For policies with effective dates of January 1, 2019 through December 31, 2019

We know that you have choices when it comes to health care coverage. Anthem Blue Cross and Blue Shield (Anthem) gives you access to complete dental coverage and one of the largest dental networks in the state. But cost is important to you, too. Because insurance can be a big part of your budget, we make every effort to keep our costs low — so you pay less for coverage. The price you pay for your dental premium depends on several things, including how much dental care costs and where you live.

**Anthem Dental plans**

The child/children rates shown in the charts below are defined as dependent children ages 0-18. Any enrollees age 19 and older use the adult rates, including dependent children over the age of 18. For a family, each adult (including dependent children ages 21-26) are rated first, and then up to the three eldest children ages 0-20. You will not be charged premiums for more than three children between the age of 0-20, even if there are more children covered by the plan.

Note that the charts below provide pricing for many of the most common family units. For other combinations, please talk to your broker or sales representative.

Rates apply to members under age 65 and are subject to change. As of January 1, 2014, the Affordable Care Act (ACA) or health care reform law, requires health insurers to pay an annual fee to fund premium subsidies and Medicaid expansion. This fee applies to fully insured dental and vision plans. The monthly premiums listed above include the ACA insurer fee.

Peace of mind made easy

Anthem individual term life insurance — affordable and no exam needed

Life insurance is an important decision, but it doesn’t have to be a complicated one.

You want your loved ones to be taken care of — even if you’re not here to provide for them. That’s why it’s important to have life insurance to help your family with expenses when the unexpected happens. Anthem individual term life insurance plans can give your family peace of mind for their future. While you may not want to think about it, there’s actually no better time than now to protect your family.

To make things even better, we’ve made it simpler to get coverage:

- There’s no medical exam required.
- If you also have a health plan with us, you’ll only get one bill for health and life coverage.
- Life insurance is available with Anthem’s health coverage or without — it’s your choice.

Our individual term life plans include two coverage options: $25,000 and $50,000.

You can choose the coverage amount that fits your needs. Individuals between the ages of 18 and 64 are eligible to apply.

Take a look at how much each plan would cost you:

Anthem plans help keep you healthy and lower your health care costs

Your medications — covered

All of our pharmacy plans have a drug list that includes hundreds of covered brand-name and generic drugs in every category and class, meeting or exceeding Affordable Care Act (ACA) requirements. Individual and family plans use the Select Drug List.

To view the Select Drug List and see if your drug is covered, go to anthem.com/pharmacyinformation and choose the Colorado Individual Select Drug List.

Filling your prescriptions

It's simple. Choose the way that works best for you to get the medicines you need, when you need them.

Home delivery pharmacy – your medicine delivered right to your door

We offer home delivery to make it easier for you to get your medicine quickly and safely. People who use home delivery pharmacy are more likely to follow their drug treatment plan, resulting in increased medication adherence. That means fewer doctor visits and hospital stays — and lower health care costs for you.¹

Retail pharmacies in your network

The Rx Choice Tiered Network offers two levels of pharmacies — giving you choices, convenience and savings:

<table>
<thead>
<tr>
<th>Level 1</th>
<th>Get the lowest cost for your prescriptions when you use one of nearly 25,000 Level 1 network pharmacies, including CVS, Target, Wal-Mart, Kroger and Costco.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Level 2</td>
<td>You can also use one of the 45,000+ Level 2 network pharmacies. Your prescriptions will be covered, but you'll pay an additional copay or coinsurance.</td>
</tr>
</tbody>
</table>

Our National Pharmacy Network includes nearly 70,000 retail pharmacies — making it easy for you to get prescriptions filled near your home or work, or even when you travel.
Your pharmacy benefits — easy to manage at anthem.com

Manage all your prescription benefits in one place. It’s easy. It’s convenient. And you can do things like:

- Find out if your drug is covered. Go to anthem.com/pharmacyinformation and choose the Individual Select Drug List for your state.
- See if your preferred pharmacy is in the plan’s network.
  
  Visit anthem.com/pharmacyinformation/rxnetworks.html to see all of the pharmacies in our networks, including Level 1 pharmacies where you can save the most money.
- Learn more about your pharmacy benefits — including why some drugs need preapproval to be covered — by going to our frequently asked questions (FAQs) at anthem.com/faqs/colorado/pharmacy.

On the go, too! Most of the same helpful tools are available on your cell phone or other mobile device with the Anthem Anywhere app. You can manage your drug benefits wherever you are, whenever you need to.

Medical + pharmacy — better and easier than ever

With our combined medical and pharmacy benefits, your doctor can see the whole picture of your health. For you, this means:

- Better overall health.
- A smoother experience.
- Fewer hospital stays and lower medical costs.²
- Saving more on prescription drugs.²
