Medicare basics

What's Medicare?

Medicare is health insurance for people 65 or older. You may be eligible to get Medicare earlier if you have a disability, End-Stage Renal Disease (ESRD), or ALS (also called Lou Gehrig's disease).

Note: Go to page 40 for definitions of **blue** words

What are the parts of Medicare?

Part A – Hospital Insurance

Helps cover:

- Inpatient care in hospitals
- Skilled nursing facility care
- Hospice care
- Home health care

Part B – Medical Insurance

Helps cover:

- Services from doctors and other health care providers
- Outpatient care
- Home health care
- Durable medical equipment (like wheelchairs, walkers, hospital beds, and other equipment)
- Many preventive services (like screenings, shots or vaccines, and yearly “Wellness” visits)

Part D – Drug coverage

Helps cover the cost of prescription drugs (including many recommended shots or vaccines).

Plans that offer Medicare drug coverage (Part D) are run by private insurance companies that follow rules set by Medicare.

Your Medicare Options

When you first sign up for Medicare, and during certain times of the year, you can choose how you get your Medicare coverage. There are 2 main ways to get Medicare:

Original Medicare

- Original Medicare includes Medicare Part A (Hospital Insurance) and Part B (Medical Insurance).
- You can join a separate Medicare drug plan to get Medicare drug coverage (Part D).
- You can use any doctor or hospital that takes Medicare, anywhere in the U.S.
- You can also use or shop for and buy supplemental coverage, that helps pay your out-of-pocket costs (like your 20% coinsurance).

☒ **Part A**

☒ **Part B**

You can add:

☐ **Part D**

You can also add:

☐ **Supplemental coverage**

It can help pay some costs that other parts don't cover. This includes Medicare Supplement Insurance (Medigap). Or, you can use coverage from a current or former employer or union, or Medicaid (if you have it).

Medicare Advantage (also known as Part C)

- Medicare Advantage is a Medicare-approved plan from a private company that offers an alternative to Original Medicare for your health and drug coverage. These plans bundle your Part A, Part B, and usually Part D together.
- In many cases, you can only use doctors who are in the plan's network.
- In many cases, you may need to get approval from your plan before it covers certain drugs or services.
- Plans often have different out-of-pocket costs than Original Medicare or supplemental coverage like Medigap. You may also have an additional premium.
- Plans may offer some extra benefits that Original Medicare doesn't cover.

Medicare and the Health Insurance Marketplace®

Even if you have Marketplace coverage (or other individual health coverage that isn't based on current employment), you should sign up for Medicare when you're first eligible (usually when you turn 65) to avoid a delay in Medicare coverage and the possibility of a Medicare late enrollment penalty.

You can keep your Marketplace plan without penalty until your Medicare coverage starts. Once you're eligible for premium-free Part A, or already have Part A with a premium, you won't qualify for help from the Marketplace to pay your Marketplace plan premiums or other medical costs. If you keep getting help to pay your Marketplace plan premiums, you may have to pay back some or all of the help you got when you file your federal income taxes.

To find out how to end your Marketplace plan when you become eligible for Medicare to avoid a gap in coverage, visit [Healthcare.gov/medicare/changing-from-marketplace-to-medicare/](https://www.healthcare.gov/medicare/changing-from-marketplace-to-medicare/). You can also call the Marketplace Call Center at 1-800-318-2596. TTY users can call 1-855-889-4325.

Note: Medicare isn't part of the Marketplace. The Marketplace doesn't offer Medicare Supplement Insurance (Medigap) policies, Medicare Advantage Plans, or Medicare drug coverage (Part D).

Section 2:

Medigap basics

How does Medigap work?

Medicare Supplement Insurance (Medigap) is extra insurance you can buy from a private health insurance company to help pay your share of out-of-pocket costs in Original Medicare, like **copayments**, **coinsurance**, and **deductibles**. Generally, you must have Original Medicare—Part A (Hospital Insurance) and Part B (Medical Insurance)—to buy a Medigap policy.

Some Medigap policies also cover services that Original Medicare doesn't cover, like emergency medical care when you travel outside the U.S. (foreign travel emergency care). Generally, Medigap doesn't cover long-term care (like care in a nursing home), vision or dental services, hearing aids, glasses, or private-duty nursing.

If you have a Medigap policy and get care, Medicare will pay its share of the **Medicare-approved amount** for covered health care costs. Then, your Medigap policy will pay its share. Medicare doesn't pay any of the costs of buying a Medigap policy.

Note: Go to page 40 for definitions of **blue** words

A Medigap policy is different from a [Medicare Advantage Plan \(Part C\)](#). A Medicare Advantage Plan is another way to get your Medicare coverage besides Original Medicare, while a Medigap policy only helps pay for the costs that Original Medicare doesn't cover.

Insurance companies generally can't sell you a Medigap policy if you have coverage through a Medicare Advantage Plan or Medicaid.

Medigap policies are standardized

Medigap must follow federal and state laws designed to protect you, and they must be clearly identified as "Medicare Supplement Insurance." Insurance companies can only sell you "standardized" plans, which are named in most states by letters A-D, F, G, and K-N. **All plans with the same letter offer the same basic benefits, no matter where you live or which insurance company you buy the policy from. Price is the only difference between policies with the same letter sold by different companies.** Some offer additional benefits. In Massachusetts, Minnesota, and Wisconsin, Medigap policies are standardized in a different way.

What Medigap policies cover

The information on page 7 gives you a snapshot of the standardized Medigap plans available. You can also find out which insurance companies sell Medigap policies in your area by visiting [Medicare.gov/medigap-supplemental-insurance-plans](https://www.medicare.gov/medigap-supplemental-insurance-plans).

If you need help comparing and choosing a policy, call your State Health Insurance Assistance Program (SHIP) for help. Visit shiphelp.org to get the number for your local SHIP.

Important! All insurance companies that sell Medigap policies must offer at least Medigap Plan A. Medigap plans sold to people who are new to Medicare on or after January 1, 2020, aren't allowed to cover the Part B deductible. Because of this, Plans C and F are no longer available to people new to Medicare. However, if you were eligible for Medicare before January 1, 2020, but haven't yet enrolled, you may be able to buy Plan C or Plan F. While people new to Medicare on or after January 1, 2020, can't buy Plans C and F, they have the right to buy Plans D and G instead, which provide the same benefits (but don't cover the Part B deductible).

- In this situation, you're considered new to Medicare if you turned 65 on or after January 1, 2020, and get Medicare Part A on or after January 1, 2020.
- Plans D and G with coverage starting **on or after** June 1, 2010, **have different benefits** than Plans D or G bought **before** June 1, 2010.
- Plans E, H, I, and J are no longer sold, but if you already have one, you can generally keep it.

In Massachusetts, Minnesota, and Wisconsin, Medigap policies are standardized in a different way. (Go to pages 35–37.) In some states, you may be able to buy another type of Medigap policy called **Medicare SELECT**. These are standardized plans that may require you to use hospitals and, in some cases, doctors within their network to be eligible for full benefits. (Go to page 13.)

The chart below shows basic information about the different benefits Medigap plans cover in 2025

✓ = The plan covers 100% of this benefit

* Plans F and G also offer a high-deductible plan in some states. You must pay for Medicare-covered costs (coinsurance, copayments, and deductibles) up to the deductible amount of \$2,870 in 2025 before your policy pays anything. (You can't buy Plans C and F if you were new to Medicare on or after January 1, 2020.)

---------	---------

** For Plans K and L after you meet your out-of-pocket yearly limit and your yearly Part B deductible (\$250 in 2025), the Medigap plan pays 100% of covered services for the rest of the calendar year.

*** Plan N pays 100% of the Part B coinsurance. You must pay a copayment of up to \$20 for some office visits and up to a \$50 copayment for emergency room visits that don't result in an inpatient admission.

What Medigap policies don't cover

Medigap doesn't cover everything. Medigap policies generally don't cover:

- Long-term care (like non-skilled care you get in a nursing home)
- Vision or dental care
- Hearing aids
- Glasses
- Private-duty nursing

Types of insurance that aren't Medigap policies

- **Medicare Advantage Plans (also known as Part C)**
- **Medicare drug plans (Part D)**
- **Medicaid**
- Employer group health plans (including the Federal Employees Health Benefits (FEHB) program, retiree, or COBRA coverage), or union plans
- TRICARE
- Veterans' benefits
- Long-term care insurance policies
- Indian Health Service, Tribal, and Urban Indian Health plans

Types of Medigap policies insurance companies can sell

In most cases, Medigap insurance companies can only sell you one of the standardized Medigap policies.

Insurance companies that sell Medigap policies don't have to offer every Medigap plan (A–D, F, G, and K–N). Each insurance company decides which Medigap plans it wants to sell, although federal and state laws might affect which ones they can offer.

In some cases, an insurance company must sell you a Medigap policy if you want one, even if you have health problems. You're guaranteed the right to buy a Medigap policy:

- When you're in your **Medigap Open Enrollment Period** (pages 10–11)
- If you have a **guaranteed issue right** (pages 16–19)

You may be able to buy a Medigap policy at other times, but the insurance company can deny you a Medigap policy based on your health. Also, in some cases, it may be illegal for the insurance company to sell you a Medigap policy.

What do I need to know if I want to buy a Medigap policy?

- You can only buy Medigap if you have Original Medicare. Generally, that means you have to sign up for Medicare Part A (Hospital Insurance) and Part B (Medical Insurance) before you can buy a Medigap policy.
- If you have a Medicare Advantage Plan but are planning to return to Original Medicare, you can apply for a Medigap policy before your coverage ends. The Medigap insurance company can sell it to you as long as you're leaving the Medicare Advantage Plan. Ask that the new Medigap policy start when your Medicare Advantage Plan enrollment ends, so you'll have continuous health coverage.
- You pay the private insurance company a monthly premium for your Medigap policy in addition to the monthly Part B premium you pay to Medicare.
- A Medigap policy only covers one person, so if you and your spouse both want Medigap coverage, **you each have to buy your own policy.**
- When you have your Medigap Open Enrollment Period (pages 10–11), you can buy any Medigap policy sold in your state, from any insurance company that's licensed in your state to sell one.
- Any new Medigap policy issued since 1992 is guaranteed renewable even if you have health problems. This means the insurance company can't cancel your Medigap policy as long as you stay enrolled and pay the premium.
- You may have additional rights under state law. Visit your State Insurance Department at content.naic.org/state-insurance-departments to find out what rights you might have under state law.
- The premium amount is the only difference between policies with the same plan letter sold by different companies. **There can be big differences in the premiums that different insurance companies charge for the same coverage**, so be sure you compare Medigap plans with the same letter (for example, compare Plan A from one company with Plan A from another company).
- Although some Medigap policies sold in the past covered prescription drugs, Medigap plans sold after 2005 don't include prescription drug coverage. If you want prescription drug coverage, you can join a separate Medicare drug plan (Part D). To learn about Medicare drug coverage, visit [Medicare.gov](https://www.medicare.gov), or call 1-800-MEDICARE (1-800-633-4227). TTY users can call 1-877-486-2048.

When's the best time to buy a Medigap policy?

Your best time to buy a Medigap policy is during your Medigap Open Enrollment Period. Your 6-month Medigap Open Enrollment Period starts the first month you have Medicare Part B and you're 65 or older. This is a one-time enrollment period; it doesn't repeat every year. Some states have additional Open Enrollment Periods, including those for people under 65. If you're under 65 and have Medicare because of a disability or End-Stage Renal Disease (ESRD), you might not be able to buy the Medigap policy you want, or any Medigap policy, until you turn 65. (Go to page 32 for more information.)

During your Medigap Open Enrollment Period, you can:

- Enroll in any Medigap policy sold in your state. An insurance company can't refuse to sell you any Medigap policy it offers. They also can't use medical underwriting to decide whether to accept your application or deny you coverage due to pre-existing health problems.
- Generally get better prices and more choices among policies. An insurance company can't charge you more for a Medigap policy if you have health problems.
- Have your coverage start right away. An insurance company can't make you wait, except for coverage related to a pre-existing condition.
 - A pre-existing condition is a health problem you have before the date a new insurance policy starts. In some cases, the Medigap insurance company can refuse to cover your out of pocket costs for these pre-existing health problems for up to 6 months. This is called a "pre-existing condition waiting period." After 6 months, the Medigap policy will cover the pre-existing condition.
 - Coverage for a pre-existing condition can only be excluded if the condition was treated or diagnosed within 6 months before your Medigap policy coverage starts. This is called the "look-back period."

Remember: Original Medicare will still cover the condition for Medicare-covered services, even if the Medigap policy won't, but you're responsible for the Medicare coinsurance or copayment.

- Avoid or shorten waiting periods for a pre-existing condition if you buy a Medigap policy to replace certain other kinds of health coverage that counts as creditable coverage.
 - Creditable coverage is generally any other health coverage you recently had before applying for a Medigap policy. If you've had at least 6 months of continuous prior creditable coverage, the Medigap insurance company can't make you wait before it covers your pre-existing condition.

- Many types of health care coverage can count as creditable coverage for Medigap policies, but they'll only count if your break in coverage was no more than 63 days.
- Your Medigap insurance company can tell you if your previous coverage will count as creditable coverage for this purpose. You can also call your State Health Insurance Assistance Program (SHIP). Visit shiphelp.org to get the number for your local SHIP.
- If you buy a Medigap policy when you have a guaranteed issue right (also called "Medigap protection"), the insurance company must cover all your pre-existing health conditions without a waiting period (called the pre-existing condition waiting period). Go to pages 16–19 for more information about guaranteed issue rights.

What happens if I don't buy a Medigap policy when I'm first eligible?

Outside of your [Medigap Open Enrollment Period](#):

- You may have to pay more for a policy.
- Fewer policy options may be available to you.
- There's no guarantee that an insurance company will sell you a Medigap policy if you don't meet their medical underwriting requirements. They may deny you a policy unless you have a guaranteed issue right (go to pages 18–19).

It's important to understand that your Medigap rights may depend on when you choose to sign up for Medicare Part B. **If you're 65 or older, your one-time Medigap Open Enrollment Period begins when you sign up for Part B, and it can't be changed or repeated.**

In most cases, it makes sense to sign up for Part B and buy a Medigap policy when you're first eligible for Medicare, because otherwise you might have to pay a Part B late enrollment penalty or miss your 6-month Medigap Open Enrollment Period. However, there are exceptions if you have employer coverage.

Employer coverage

If you have group health coverage through an employer or union (because either you or your spouse is currently working) you may want to wait to sign up for Part B. Benefits based on current employment often provide coverage similar to Part B, so you wouldn't want to pay for Part B before you need it, and your Medigap Open Enrollment Period might expire before a Medigap policy would be useful.

When the employer coverage ends, you'll have a chance to sign up for Part B without a late enrollment penalty, which means your Medigap Open Enrollment Period will start when you're ready to take advantage of it. If you or your spouse is still working, and you have coverage through an employer, contact your employer or union benefits administrator to find out how your insurance works with Medicare. Go to page 20.

Note: For people with retiree coverage: Since Medicare pays first after you retire, your retiree coverage is probably similar to coverage from a Medicare Supplement Insurance (Medigap) policy. Both are likely to offer benefits that fill in some of the gaps in Medicare coverage—like coinsurance and deductibles.

How do insurance companies set prices for Medigap policies?

Each insurance company decides how it'll set the price (called a premium) for its Medigap policies. The way they set the price affects how much you pay now and in the future. Each Medigap policy can be priced in one of 3 ways:

- 1. Community-rated (also called “no-age-rated”)
- 2. Issue-age-rated (also called “entry-age-rated”)
- 3. Attained-age-rated

Type of pricing	How it works	What this may mean for you	Examples *
Community-rated (also called “no-age-rated”)	Generally the same premium is charged to everyone, regardless of age or gender.	Your premium isn't based on your age. Premiums may go up because of inflation and other factors but not because of your age.	Mr. Smith is 65. He buys a Medigap policy and pays a \$165 monthly premium. Mrs. Perez is 72. She buys the same Medigap policy as Mr. Smith. She also pays a \$165 monthly premium.
Issue-age-rated (also called “entry age-rated”)	The premium is based on the age you are when you buy the Medigap policy.	Premiums are lower for people who buy at a younger age and won't change as you get older. Premiums may go up because of inflation and other factors but not because of your age.	Mr. Han is 65. He buys a Medigap policy and pays a \$145 monthly premium. Mrs. Wright is 72. She buys the same Medigap policy as Mr. Han. Since she is older when she buys it, her monthly premium is \$175.
Attained-age-rated	The premium is based on your current age, so your premium goes up as you get older.	Premiums are low for younger buyers but go up as you get older. They may be the least expensive at first, but they can eventually become the most expensive. Premiums may also go up because of inflation and other factors.	Mrs. Anderson is 65. She buys a Medigap policy and pays a \$120 monthly premium. Her premium will go up each year: At 66, her premium goes up to \$126. At 67, her premium goes up to \$132.

*The examples show how your age affects your premiums, and why it's important to check how much the Medigap policy will cost you now and in the future. The amounts in the examples aren't actual costs. Other factors like where you live, medical underwriting, and discounts can also affect the amount of your premium.

Comparing Medigap costs

The cost of Medigap policies can vary widely depending on the insurance company, the plan, and where you live. **The benefits in each lettered plan are the same, no matter which insurance company sells it.** The premium (an amount you pay each month) is the only difference between policies with the same plan letter sold by different companies. **There can be big differences in the premiums that different insurance companies charge for the same coverage.**

As you shop for a Medigap policy, be sure you're comparing the same lettered plan offered by different insurance companies. For example, compare Plan G from one company with Plan G from another company. Although this guide can't give actual costs of Medigap policies, you can get this information by calling insurance companies or your State Health Insurance Assistance Program (SHIP). Visit shiphelp.org to get the number for your local SHIP.

You can find out which insurance companies sell Medigap policies in your area by visiting [Medicare.gov/medigap-supplemental-insurance-plans](https://www.Medicare.gov/medigap-supplemental-insurance-plans).

The cost of your Medigap policy may also depend on whether the insurance company:

- Offers discounts (like discounts for women, non-smokers, or married people, discounts for paying yearly or for paying your premiums using electronic funds transfer, or discounts for multiple policies).
- Uses medical underwriting or applies a different premium when you don't have a guaranteed issue right or aren't in a Medigap Open Enrollment Period.
- Sells **Medicare SELECT** policies that may require you to use certain providers. If you buy this type of Medigap policy, your premium may be lower.
- Offers a "high-deductible option" for Plans F or G. If you buy Plans F or G with a "high-deductible option," you must pay the first \$2,870 (in 2025) of **deductibles**, **copayments**, and **coinsurance** for covered services not paid by Medicare before the Medigap policy pays anything. You also pay a separate deductible (\$250 per year) for foreign travel emergency care.

What's Medicare SELECT?

In some states, you may be able to buy another type of Medigap policy called Medicare SELECT. This policy requires you to use hospitals and, in some cases, doctors within its network to be eligible for full benefits. These policies generally cost less than other Medigap policies. However, if you don't use a Medicare SELECT hospital or doctor for non-emergency services, you'll have to pay some or all of what Medigap policy doesn't cover. Medicare will pay its share of approved costs no matter which hospital or doctor you choose.

How does Medigap help pay my Medicare Part B costs?

In most Medigap policies, you agree to have the Medigap insurance company get your Part B claim information directly from Medicare. Then, the Medigap insurance company will pay your doctor whatever amount you owe under your policy. Some Medigap insurance companies also provide this service for Part A claims.

If your Medigap insurance company **doesn't** get your claims information directly from Medicare, ask your doctors if they “participate” in Medicare. This means they “accept assignment” for all Medicare patients. If your doctor participates, your Medigap insurance company is required to pay the doctor directly if you ask them to. If your doctor doesn't participate but still accepts Medicare, you may be asked to pay the coinsurance amount at the time of service. In that situation, your Medigap insurance company may pay you back directly (based on your policy limits). Check with your Medigap policy for more details.

If you have any questions about Medigap claim filing, call 1-800-MEDICARE (1-800-633-4227). TTY users can call 1-877-486-2048.

Section 3:

Your right to buy a Medigap policy

What are guaranteed issue rights?

Guaranteed issue rights or “Medigap protections” are your rights to buy certain Medigap policies in limited situations outside of your **Medigap Open Enrollment Period**. In these situations, an insurance company:

- Must sell you a Medigap policy.
- Must cover all your pre-existing health conditions.
- Can’t charge you more for a Medigap policy because of past or present health problems.

If you live in Massachusetts, Minnesota, or Wisconsin, you have guaranteed issue rights to buy a Medigap policy, but the Medigap policies are different. Go to pages 35–37 for your Medigap policy choices.

Note: Go to page 40 for definitions of **blue** words

When do I have guaranteed issue rights?

In most cases, you have a **guaranteed issue right** when your other health coverage changes in some way, like if you lose your other coverage. You may also have a “trial right” to try a Medicare Advantage Plan (Part C) and still buy a Medigap policy if you change your mind. For information on trial rights, go to pages 18–19.

Medigap guaranteed issue right situations

This information describes the most common situations under federal law where you may be able to buy a Medigap or **Medicare SELECT** policy outside your **Medigap Open Enrollment Period**, the kind of policy you can buy, and when you can or must apply for it. You may have additional rights under state law. Check with your State Insurance Department about what rights you might have under state law.

You have a guaranteed issue right if...	You have the right to buy...	You can/must apply for a Medigap policy...

You leave a Medicare Advantage Plan or drop a Medigap policy because the company hasn't followed the rules, or it misled you.	Medigap Plan A, B, C*, D*, F*, or G* that's sold by an insurance company in your state.	No more than 63 after your coverage ends.

***Note:** Plans C and F are no longer available to people new to Medicare on or after January 1, 2020. However, if you were eligible for Medicare before January 1, 2020, but haven't yet enrolled, you may be able to buy Plan C or Plan F. People new to Medicare on or after January 1, 2020, have the right to buy Plan D or G instead of Plan C or F.

Can I buy a Medigap policy if I lose my health coverage?

You may have a **guaranteed issue right** to buy a Medigap policy if you lose your health coverage, so make sure you keep:

- Copies of letters, notices, emails, or claim denials that have your name on them as proof of your coverage being terminated
- The postmarked envelope these papers come in as proof of when it was mailed

You may need to include a copy of some or all of these papers with your Medigap application to prove you have a guaranteed issue right.

More information about Medigap rights

If you have questions or want to learn more about Medigap rights in your state, you can:

Call your State Health Insurance Assistance Program (SHIP) to make sure that you qualify for any of these guaranteed issue rights. Visit shiphelp.org to get the number for your local SHIP.

Call your **State Insurance Department** if you're denied Medigap coverage in any of these situations.

There may be times when more than one of the situations on pages 18-19 applies to you. When this happens, you can choose the guaranteed issue right that works best for your situation.

One of the situations listed include loss of coverage under Program of All-inclusive Care for the Elderly (PACE). PACE combines medical, social, and long-term care services, and prescription drug coverage for older adults who need nursing home services but are capable of living in the community. To be eligible for PACE, you must meet certain conditions. PACE may be available in states that have chosen it as an optional **Medicaid** benefit. If you have Medicaid, an insurance company can only sell you a Medigap policy in certain situations. To find a PACE plan in your area, visit [Medicare.gov/plan-compare/#/pace](https://www.medicare.gov/plan-compare/#/pace). For more information about PACE, visit [Medicare.gov](https://www.Medicare.gov), or call 1-800-MEDICARE (1-800-633-4227). TTY users can call 1-877-486-2048.

Some individuals may have additional rights under their state law. Call your State Insurance Department or local SHIP to find out more information.

Section 4:

Steps to buying a Medigap policy

Buying a **Medigap policy** is an important decision. As you shop for a Medigap policy, **keep in mind there can be big differences in the premiums that different insurance companies charge for the same coverage**, and not all plans are offered in every state.

Before you contact any insurance companies, figure out if you're in your **Medigap Open Enrollment Period** or if you have a guaranteed issue right to buy a policy. If you have questions, call your State Health Insurance Assistance Program (SHIP). Visit shiphelp.org to get the number for your local SHIP.

STEP 1: Decide which plan you want

Medigap plans are standardized, and in most states are named by letters, Plans A–N.

- Compare the benefits of each lettered plan.
- Think about your current and future health care needs. Decide which benefits you'll need. Remember, you might not be able to switch policies later.
- Select the plan that meets your needs.

Review the information on pages 6–7 for information about the different benefits Medigap policies cover. If you live in Massachusetts, Minnesota, or Wisconsin, go to pages 35–37.

STEP 2: Pick your policy

Find insurance companies selling the plan you want. As you shop for a policy, be sure you're comparing the same lettered plan offered by different insurance companies (for example, compare Plan A from one company with Plan A from another company).

Price is the only difference between policies with the same letter sold by different companies. Since costs can vary widely between companies, contact more than one company that sells Medigap policies in your state to get an estimate.

Remember, not all plans are offered in every state, and if a state offers a plan, not all insurance companies sell policies for it. Visit [Medicare.gov/medigap-supplemental-insurance-plans](https://www.medicare.gov/medigap-supplemental-insurance-plans) to find out which insurance companies sell Medigap policies in your state.

Contact your local State Health Insurance Assistance Program (SHIP) to get free help choosing an insurance company in your area. SHIPs are state programs that give free local health insurance counseling to people with Medicare and their families. Visit shiphelp.org to get the number for your local SHIP. Ask if they have a “Medigap rate comparison shopping guide” for your state. This guide usually lists companies that sell Medigap policies in your state and their costs.

- Contact your State Insurance Department. Find out if they have any complaints against the insurance companies selling the plan you want.
- Talk to someone you trust, like a family member, your insurance agent, or a friend who has a Medigap policy from the same insurance company.

If you don't have a computer, your local library or senior center may be able to help you. You can also call 1-800-MEDICARE (1-800-633-4227). TTY users can call 1-877-486-2048.

STEP 3: Contact the company

Get an official quote from the insurance company. Prices can change at any time based on when you buy, your health conditions, and more.

Use this resource to help you keep track of the information you get from the insurance companies you contact.

Ask each insurance company...	Company 1	Company 2
“Are you licensed in ____?” (Say the name of your state.) Note: If the answer is NO, STOP here, and try another company.		
“Do you sell Medigap Plan ____?” (Say the letter of the Medigap Plan you’re interested in.) Note: Not all plans are offered in every state, and if a state offers a plan, not all insurance companies sell policies for it. Make sure the insurance company sells the plan you want. Also, if you’re interested in a Medicare SELECT or high-deductible Medigap policy, tell them.		
“Do you use medical underwriting for this Medigap policy?” Note: If you’re in your Medigap Open Enrollment Period or have a guaranteed issue right to buy that Medigap policy, medical underwriting doesn’t apply. Otherwise, you can ask, “Can you tell me if I’m likely to qualify for the Medigap policy?”		
“Do you have a waiting period for pre-existing conditions?” Note: If the answer is YES, ask how long the waiting period is.		
“Do you price this Medigap policy by using community-rating, issue-age-rating, or attained-age-rating?” (Go to page 12.)		
“I’m ____ years old. What would my premium be under this Medigap policy?” Note: If it’s priced as an attained-age policy ask, “How frequently does the premium increase due to my age?”		
“Has the premium for this Medigap policy increased in the last 3 years due to inflation or other reasons?” Note: If the answer is YES, ask how much it has increased.		
“Do you offer any discounts or additional benefits?”		

- Once you decide on the plan you want, and what insurance company you want to buy your policy from, contact the company for an application.

Fill out the application carefully and completely, and answer any medical questions. If you buy a Medigap policy during your Medigap Open Enrollment Period or give evidence that you're entitled to a guaranteed issue right, the insurance company can't use any medical answers you give to deny you a Medigap policy or change the price.

- The insurance company must give you a clearly worded summary of your Medigap policy. Read it carefully and keep it for your files. If you buy from an agent, get a receipt with the insurance company's name, address, and phone number for your records.

Watch out for illegal practices

Every Medigap policy must follow federal and state laws designed to protect you. It's important to watch out for illegal practices by agents and brokers or insurance companies to protect yourself when you're shopping for a Medigap policy.

It's illegal if someone tries to:

- Pressure you to buy a Medigap policy or lie to get you to switch to a new company or policy.
- Sell you a Medigap policy if they know:
 - You already have one. They can only sell you a new policy if you state, in writing, that you plan to cancel your existing policy.
 - You have Medicaid, except in limited situations.
 - You're in a **Medicare Advantage Plan**, unless you're switching back to Original Medicare. They can sell you a policy if your Medicare Advantage Plan coverage will end before the Medigap policy's start date.
 - That policy can't legally be sold in your state. Check with your State Insurance Department to make sure that the Medigap policy you're interested in can be sold in your state.
- Claim that:
 - A Medigap policy is part of the Medicare program or any other federal program. Medigap is private health insurance.
 - A Medicare Advantage Plan is a Medigap policy.
 - They're a Medicare representative if they work for a Medigap insurance company.
- Suggest the Medigap policy has been approved or recommended by the federal government, or misuse the names, letters, or symbols of the:
 - U.S. Department of Health and Human Services (HHS)
 - Social Security Administration (SSA)
 - Centers for Medicare and Medicaid Services (CMS)

- Sell you a Medicare Advantage Plan when you say you want to stay in Original Medicare and buy a Medigap policy. **A Medicare Advantage Plan isn't the same as Original Medicare.** If you join a Medicare Advantage Plan, you'll be disenrolled from Original Medicare and can't buy a Medigap policy.
- Ask you questions about your family history or require you to take a genetic test.

If you believe that a federal law has been broken, call the Inspector General's hotline at 1-800-HHS-TIPS (1-800-447-8477). TTY users can call 1-800-377-4950. Your [State Insurance Department](#) can help you with other insurance-related problems.

After you buy a policy

- **Start your Medigap policy**

Generally, Medigap policies begin the first day of the month after you apply.

If it's been 30 days and you didn't get your Medigap policy (like your Medigap card or proof of insurance), call your insurance company. If it's been 60 days, call your State Insurance Department.

Note: If you already have a Medigap policy, ask for your new Medigap policy to become effective when your old Medigap policy coverage ends.

- **Pay for your Medigap policy**

Your insurance company will let you know what your payment options are for your particular policy. Many companies let you set up recurring automatic payments from a checking account or credit card. You may also be able to pay for your Medigap policy by check, money order, or bank draft. Always direct your payment to the insurance company, not the agent who sold you the policy (if you used one).

Section 5:

If you already have a Medigap policy

If you already have a Medigap policy, it's important to understand when you can drop or switch your Medigap policy and the impacts that will have. It's also important to understand how Medigap works with drug coverage.

Note: Go to page 40 for definitions of **blue** words

Switching Medigap policies

Can I switch to a different Medigap policy?

In most cases, you won't have a right under federal law to switch Medigap policies, unless:

- You're within your 6-month Medigap Open Enrollment Period.
- You're eligible under a specific situation or guaranteed issue right. Go to page 16.

If your state has different rules, or the insurance company is willing to sell you a Medigap policy, make sure you compare benefits and [premiums](#) before switching. Contact your State Insurance Department to find out the rules in your state.

If you decide to switch, don't cancel your first Medigap policy until you've decided to keep the second Medigap policy. On the application for the new Medigap policy, you'll have to promise that you'll cancel your first Medigap policy.

You have 30 days to decide if you want to keep the new Medigap policy. This is called your "free look period," which starts when you get your new Medigap policy. **You'll need to pay both premiums the month that you have both.**

Do I have to switch Medigap policies if I have a Medigap policy that's no longer sold?

If you have an older Medigap policy, you don't have to switch. But if you buy a new Medigap policy, you have to cancel your old policy (except for your 30-day "free look period"). Once you cancel your old policy, you can't get it back.

If you bought your Medigap policy before June 1, 2010, it may offer coverage that isn't available in a newer Medigap policy.

Do I have to wait a certain length of time after I buy my Medigap policy before I can switch to a different Medigap policy?

No, but **if you've had your current Medigap policy for less than 6 months** and want to switch to a different Medigap policy, you may have to wait up to 6 months for the new policy to cover your pre-existing conditions.

- Your new Medigap policy must subtract the number of months you've had your current Medigap policy or prior creditable coverage (like health insurance you recently had through your employer) from the time you must wait before they'll cover your pre-existing condition.

For example, if someone had a pre-existing condition and had creditable coverage (as described above) for 2 months and then gets a new Medigap policy, the new policy won't cover that condition for another 4 months

- If your new Medigap policy has a benefit that isn't in your current Medigap policy, you may have to wait up to 6 months before that benefit will be covered, regardless of how long you've had your current Medigap policy.

If you've had your current Medigap policy longer than 6 months and it has the same benefits as your new policy, the new insurance company can't exclude your pre-existing condition or make you wait before it covers it. If the insurance company agrees to issue you a new policy, they can't put pre-existing conditions, waiting periods, elimination periods, or probationary periods into the replacement policy.

Why would I want to switch to a different Medigap policy?

Some reasons for switching may include:

- You're paying for benefits you don't need.
- You need more benefits.
- You want to change insurance companies.
- You want a policy that costs less.

It's important to compare the benefits in your current Medigap plan to the plan you're considering switching to.

If you decide to switch insurance companies, you can call the new insurance company and apply for your new Medigap policy. If your application is accepted, call your current insurance company, and ask to have your coverage end. Make sure your old Medigap policy coverage ends after you have the new Medigap policy for 30 days (your 30 day "free look period"). The insurance company will tell you how to end your coverage. If you live in Massachusetts, Minnesota, or Wisconsin, go to pages 35-37.

If I move out of state, can I keep my current Medigap policy (or Medicare SELECT policy) or switch to a different Medigap policy?

In general, you can keep your current Medigap policy regardless of where you live as long as you still have Original Medicare. If you want to switch to a different Medigap policy, you'll have to check with your current or the new Medigap insurance company about your options.

Remember, you may have to pay more for your new Medigap policy and answer some medical questions if you're buying a Medigap policy outside of your **Medigap Open Enrollment Period**. (Go to pages 10-11.)

If you have a **Medicare SELECT** policy and you move out of the policy's area, you can:

- Buy a standardized Medigap policy from your current Medigap insurance company as long as it offers the same (or fewer) benefits as your current Medicare SELECT policy. If you've had your Medicare SELECT policy for more than 6 months, you won't have to answer any medical questions.
- Use your guaranteed issue right to switch to Medigap Plan A, B, C, D, F, G, K, or L that's sold by an insurance company in your state or a Medicare SELECT policy offered in the area you're moving to.

Note: Plans C and F are no longer available to people new to Medicare on or after January 1, 2020. However, if you were eligible for Medicare before January 1, 2020, but haven't enrolled yet, you may be able to buy Plan C or Plan F. People new to Medicare on or after January 1, 2020, have the right to buy Plan D or G instead of Plan C or F.

You may have additional rights under state law. Call your State Health Insurance Assistance Program (SHIP) or **State Insurance Department** for more information. Visit shiphelp.org to get the number for your local SHIP.

What happens to my Medigap policy if I join a Medicare Advantage Plan?

You always have a legal right to keep the Medigap policy after you join a Medicare Advantage Plan. However, because you have a Medicare Advantage Plan, the Medigap policy would no longer provide benefits that supplement Medicare.

You may want to drop your Medigap policy because you'll be paying for coverage you can't use. If you decide to keep your Medigap policy, you'll have to pay your Medigap policy premium. Your Medigap policy can't pay any Medicare Advantage Plan deductibles, copayments, **coinsurance**, or premiums.

Contact your Medigap insurance company to find out how to cancel your Medigap policy. **In most cases, if you drop your Medigap policy to join a Medicare Advantage Plan, you may not be able to get the same policy back (or in some cases any Medigap policy) unless you leave your Medicare Advantage Plan during your trial period** (you have a "trial right" (page 19)). Contact your State Insurance Department for more information.

Losing Medigap coverage

Can my Medigap insurance company drop me?

All standardized Medigap policies bought **after 1992** are automatically renewed every year, even if you have health problems. This means your Medigap insurance company can only drop you if:

- You stop paying your premium
- You weren't truthful on the Medigap policy application
- The insurance company goes bankrupt or goes out of business

If you bought your Medigap policy **before 1992**, the Medigap insurance company can refuse to renew your Medigap policy, as long as it gets the state's approval to cancel your policy. If that happens, you have the right to buy another Medigap policy. Go to pages 16–19 for more information about guaranteed issue rights.

Medigap policies and Medicare drug coverage (Part D)

Medigap plans sold after 2005 don't include prescription drug coverage.

If you want prescription drug coverage, you can join a separate [Medicare drug plan \(Part D\)](#).

What if I have a Medigap policy that already has prescription drug coverage?

If you have a Medigap policy with prescription drug coverage, you can still join a Medicare drug plan. Your situation may have changed in ways that make a Medicare drug plan fit your needs better than the drug coverage in your Medigap policy.

You can join a Medicare drug plan between October 15–December 7. Your new coverage will begin on January 1.

If your Medigap premium or your prescription drug needs were low when you had your first chance to join a Medicare drug plan, your Medigap coverage may have met your needs. However, if your Medigap premium increased or you've started taking more prescription drugs recently, a Medicare drug plan may be a better choice for you.

In a Medicare drug plan, you may have to pay a monthly premium, and a Medicare drug plan covers certain prescription drugs on its "formulary" or "drug list." It's important to check if your current drugs are on the Medicare drug plan's list of covered drugs before you join.

Will I have to pay a late enrollment penalty if I join a Medicare drug plan now?

Your Medigap insurance company must send you a notice each year telling you if their prescription drug coverage is creditable, or if the drug coverage in your Medigap policy changes so that it's no longer creditable. Keep these notices in case you decide to join a Medicare drug plan later.

Before you decide to join a **Medicare drug plan (Part D)**, consider:

- **If your Medigap policy includes creditable drug coverage** you won't have to pay a late enrollment penalty as long as you don't go 63 or more days in a row without creditable prescription drug coverage. Don't stop the drug coverage from your Medigap policy before you join the Medicare drug plan and the coverage starts.
- **If your Medigap policy doesn't include creditable drug coverage**, you'll probably have to pay a late enrollment penalty if you join a Medicare drug plan now. The penalty amount increases for each month you wait to get Part D. In general, you'll have to pay this penalty for as long as you have Part D.

Can I join a Medicare drug plan and have a Medigap policy with prescription drug coverage?

No. If your Medigap policy covers prescription drugs, you must tell your Medigap insurance company when you join a Medicare drug plan.

If you decide to join a Medicare drug plan:

- You'll have to tell your Medigap insurance company to remove the drug coverage from your Medigap policy (and adjust your premium).
- You can't add drug coverage back to your Medigap policy.

What if I decide to drop my entire Medigap policy (not just the drug coverage) and join a Medicare Advantage Plan that offers drug coverage?

In general, you can only join a Medicare drug plan or Medicare Advantage Plan with drug coverage during the Medicare Open Enrollment Period between October 15–December 7. If you join during Open Enrollment, your coverage will begin on January 1. **In most cases, if you drop your Medigap policy to join a Medicare Advantage Plan, you may not be able to get the same policy back (or in some cases any Medigap policy), so pay careful attention to the timing.**

Section 6:

Medigap policies for people with a disability or ESRD

You may have Medicare before 65 due to a disability or End-Stage Renal Disease (ESRD) (permanent kidney failure requiring dialysis or a kidney transplant).

If you're under 65 and have Medicare because of a disability or ESRD, you might not be able to buy the Medigap policy you want, or any Medigap policy, until you turn 65. Federal law generally doesn't require insurance companies to sell Medigap policies to people who are under 65. However, in some states insurance companies do offer Medigap policies to people under 65.

Important: This section provides information on the minimum federal standards for Medigap policies. Your state may have different requirements. Call your **State Insurance Department** or State Health Insurance Assistance Program (SHIP) to get state-specific information. Visit content.naic.org/state-insurance-departments to find your State Insurance Department. Visit shiphelp.org to get the number for your local SHIP.

Note: Go to page 40 for definitions of **blue** words

Which states offer Medigap policies to people with Medicare under 65?

At the time of printing this guide, these states require insurance companies to offer at least one kind of Medigap policy to people with Medicare under 65:

- | | | |
|---------------|-----------------|------------------|
| • Arkansas | • Kentucky | • New Jersey |
| • California | • Louisiana | • New York |
| • Colorado | • Maine | • North Carolina |
| • Connecticut | • Maryland | • Oklahoma |
| • Delaware | • Massachusetts | • Oregon |
| • Florida | • Michigan | • Pennsylvania |
| • Georgia | • Minnesota | • South Dakota |
| • Hawaii | • Mississippi | • Tennessee |
| • Idaho | • Missouri | • Texas |
| • Illinois | • Montana | • Vermont |
| • Kansas | • New Hampshire | • Wisconsin |

Note: Some states provide these rights to all people with Medicare under 65, while others only extend them to people eligible for Medicare because of disability or only to people with ESRD. Check with your State Insurance Department about what rights you have in your state.

Even if your state isn't listed above, some insurance companies may voluntarily sell Medigap policies to people who are under 65, although they'll probably cost more than Medigap policies sold to people over 65, and they probably use **medical underwriting**. Some of the federal guaranteed rights are available to people with Medicare under 65. (Go to pages 21–24.) Check with your State Insurance Department about what additional rights you might have under state law. Visit content.naic.org/state-insurance-departments to find your State Insurance Department.

If you already have Medicare Part B (Medical Insurance), you'll still get a Medigap Open Enrollment Period when you turn 65. You'll probably have more Medigap policy options and be able to get a lower **premium** at that time. During the **Medigap Open Enrollment Period**, insurance companies can't refuse to sell you any Medigap policy due to a disability or other health problem, or charge you a higher premium (based on health status) than they charge other people who are 65.

Because Medicare Part A (Hospital Insurance) and/or Part B (Medical Insurance) is creditable coverage, if you had Medicare for more than 6 months before you turned 65, you may not have a pre-existing condition waiting period. For more information about the Medigap Open Enrollment Period and pre-existing conditions, go to pages 10–11. If you have questions, call your State Health Insurance Assistance Program (SHIP). Visit shiphelp.org to get the number for your local SHIP.

Mandatory riders

Insurance companies can add more coverage to a Basic Plan. You may choose any or all of these options to design a Medigap policy that meets your needs:

- Part A inpatient hospital deductible
- Part B deductible**
- Usual and customary fees
- Preventive care Medicare doesn't cover

* Pays 100% after you spend \$1,000 in out-of-pocket costs for a calendar year.

**Coverage of the Part B deductible is no longer available to people new to Medicare on or after January 1, 2020. However, if you were eligible for Medicare before January 1, 2020 but haven't yet enrolled, you may be able to get this benefit.

Minnesota versions of Medigap Plans K, L, M, and N are available. Minnesota versions of high-deductible F are available to people who had or were eligible for Medicare before January 1, 2020. (Go to page 7 for details.)

Important: The basic and extended basic plans are available when you enroll in Part B, regardless of age or health problems. If you're under 65, return to work, and drop Part B to join your employer's health plan, you'll get a 6-month Medigap Open Enrollment Period after you turn 65 and retire from that employer (when you join Part B again).

Wisconsin

There's only 1 Medigap plan available if you live in Wisconsin, which is standardized in a different way and offers these basic benefits:

- **Inpatient hospital costs:** Covers the Part A [coinsurance](#)
- **Medical costs:** Covers the Part B coinsurance (generally 20% of the [Medicare-approved amount](#))
- **Blood:** Covers 3 pints of blood each year
- **Part A:** Covers Hospice coinsurance or copayment

Plans known as “50% and 25% cost-sharing plans” are available. These plans are similar to standardized Plans K (50%) and L (25%) on page 7. A high-deductible plan (\$2,870 for 2025) is also available.

Optional riders

Insurance companies can add more coverage to the Medigap policy. You may choose any or all of these coverage options to design a Medigap policy that meets your needs:

- Part A deductible
- Additional home health care (365 visits including those paid by Medicare)
- Part B deductible*
- Part B [excess charge](#)
- Foreign travel emergency
- 50% Part A deductible
- Part B copayment or coinsurance

*Coverage of the Part B deductible is no longer available. However, if you were eligible for Medicare before January 1, 2020, but haven't yet enrolled, you may be able to get this benefit.
