

# IMPORTANT INFORMATION ABOUT OUR RATES

## WHAT DETERMINES YOUR RATE

Your rate is based on the following:

- The plan (or plans) you select
- The age of the oldest applicant (the subscriber) as of January 1, 2012
- How many family members are covered
- Household tobacco use (past or present)

Please note that premiums are based on medical history, tobacco use, actual plan effective date, age of applicant(s), and geographic location, and are subject to scheduled rate adjustments.

## FINDING YOUR RATE

After you've determined which plans you are interested in, you can use these charts to easily compare the rates.

- Scan the following pages to find the category of coverage that you're looking for (Subscriber only, Subscriber + spouse, etc.).
- Find your desired plan in the top row.
- Then look in the left-hand column to find the age of the subscriber on January 1, 2012. (When a couple are enrolling together, the subscriber is the older spouse.)
