Denver Metro & Boulder: Adams, Arapahoe, Broomfield, Denver, Douglas, Jefferson.

Get access to quality care and savings

The Connect Network is comprised of health care professionals in your local area that we have selected with cost and quality in mind. Some of the health care professionals in our Network have separately earned the Cigna Care Designation — recognized for achieving top results on Cigna quality and cost-efficiency measures.

When you visit a Connect Network health care professional or facility, you'll receive care at our lower negotiated rates to help keep your out of pocket costs down — even if you haven't met your deductible.

With our Connect Plans, you will select an in-network primary care physician (PCP). Your PCP will refer you to specialists, coordinate medications and treatments and share essential medical information with your health care team. Your PCP will work with your specialists to put the pieces together to get the "big picture" of your health.

Cigna Connect plans offer:

- › You choice of a primary care physician (PCP).
- › Affordable premiums and lower negotiated rates to keep your health care costs down.
- › 100% in-network preventive care¹ to help keep you healthy and well.
- › A network of quality doctors in your local area. Plus, access to ER care both in and out of our network across the nation.²
- › Tools and services to help make it easy for you to select plans and doctors, and predict costs online, on the phone, and on the go.

Medical insurance policies have exclusions, limitations, reduction of benefits and terms under which the policies may be continued in force or discontinued. Medical applications are accepted during the annual open enrollment period, or within 60 calendar days of a qualifying life event. Benefits are provided only for those services that are medically necessary as defined in the policy and for which the insured person has benefits. Cigna does not intentionally discriminate on the basis of race, color, national origin, disability, age, sex, gender identity, sexual orientation, or health status in the administration of the plan, including enrollment and benefit determinations.

ACCESS PLAN: If you would like more information on: (1) who participates in our provider network; (2) how we ensure that the network meets the health care needs of our members; (3) how our provider referral process works; (4) how care is continued if providers leave our network; (5) what steps we take to ensure medical quality and customer satisfaction; (6) where you can go for information on other policy services and features. You may request a copy of our Access Plan. The Access Plan is designed to disclose all the policy information required under Colorado law, and is available for review upon request.
